

Lead Screening for Children between 6 months - 6 years of age

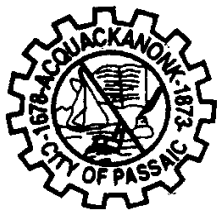

When:
Every Wednesday
9:00AM - 11:00AM

Where:
City of Passaic
Health Division Clinic
333 Passaic Street
Passaic, NJ 07055

The Passaic City Health Division Clinic will be providing free lead screenings for children who meet the following criteria:

- City of Passaic Residents
- 6 months - 6 years old
- Underinsured or Uninsured

Even small amounts can cause severe and lasting harm to children. It is easier to prevent lead poisoning than to treat it. Because the symptoms are not obvious, it is important to get your child tested and know how to lower your child's risks.
