

Pet Winter Safety Tips

- **Bring pets inside.**
- **If pets cannot come indoors, make sure they have a dry, draft-free enclosure.**
- **Check water bowls to ensure water is fresh and unfrozen.**
- **Salt and other chemicals used to melt ice can irritate a pet's paws. Wipe paws with a damp towel before the pet licks them.**
- **Antifreeze is a deadly poison. Wipe up spills and store antifreeze out of reach.**
